- Accounting Principles I, II, and III, Math Analysis for Business, Business Statistics, Honors Public Speaking.

PROFESSIONAL EXPERIENCE**InnoTech Leadership Development Program – Medicaid Technology, Aetna, NY, NY**

July 2026 – Present

- Analyzing vendor data exchange and file processing operations to identify data quality issues, standardize governance and integration practices, and support development of vendor performance standards and SLAs.

College Intern Associate - Medicaid Technology Operations, Aetna, Scottsdale, AZ

May 2025 – June 2026

- Performed trend analysis on 12,000+ incident tickets using Excel, presenting findings to application stakeholders that revealed 99% of tickets were infrastructure-specific, directly supporting the organization's cloud migration timeline.
- Orchestrated Agile project management workflow by creating detailed User Stories in Rally, coordinating with application development teams to define critical system thresholds, assign ownership responsibilities, and establish resolution SLAs for incident management to ensure system reliability and timely resolution of incidents.

Front Office Coordinator, BASIS Phoenix Primary, Phoenix, AZ

August 2020 – May 2023

- Managed all front office operations needed to facilitate internal operational efficiency and effectiveness.
- Built and maintained the internal database of student car tags for school drop off and pick up. Ensured data integrity and consistency through rapid changes in students' enrollments or changes to pick up/drop off procedures.
- Managed and assisted others in managing student data in PowerSchool including attendance and grades.

LEADERSHIP EXPERIENCE**Vice President, DECA, Paradise Valley Community College**

August 2023 – May 2024

- Recruited new members and encouraged engagement, growing active membership from 2 to 10 members.
- Communicated all administrative responsibilities between club advisors and members.
- Qualified for and placed 9th in the country at the DECA International Career Development Conference with the club President in the Business Ethics category. Assisted 7 of our club members to prepare and qualify for the competition.

Active Member, DECA, Arizona State University

September 2024 – December 2025

Active Member, Department of Information Systems Club, Arizona State University
